

A Genuine Hair Restorer.

Did you ever know of any hair preparation which would really grow hair and restore the color to gray or faded hair?

There are many preparations highly advertised to do the work, but it is probably your experience that none of them will really meet the claims of their manufacturers.

There are many so-called Hair Restorers which are nothing more than harmful chemical dyes, which do not grow any hair, the only result being that they only dyed the hair, having no permanency and often causing a streaky appearance.

It has been the aim of the chemists for years to discover a preparation which would really grow hair, and restore the color to gray or faded hair, but heretofore they have met with no success.

Prof. Rembler now claims to have discovered a combination of harmless vegetable composition which is a genuine hair restorer and will grow hair and does not contain any dye of any kind, but will positively restore the natural color and brilliancy to gray and faded hair.

This is a very strong statement to make and if any chemist without the recognized ability and national reputation of Prof. Rembler were to make this claim, we would be inclined to be skeptical as to its truth. It will be remembered by readers that are familiar with scientific discoveries that Prof. Rembler was the inventor of the one fire process for gilding glass and also the Rembler wireless Coherer. Any statement made by Prof. Rembler is entitled to consideration as he would not make any statements which were not true and would injure his established reputation.

The Siloron Mfg. Co. of Pueblo, Colo., have purchased the exclusive American rights to manufacture Sagine, as they have named Prof. Rembler's invention, after having made a six months test of Sagine and thoroughly demonstrating that it would positively do the work. The Siloron Mfg. Co. have authorized us to make the following remarkable offer to all who need a genuine Hair Restorer.

They will send a written agreement with every bottle of Sagine to the effect that if one bottle of Sagine conscientiously used according to the directions does not give entire satisfaction to the purchaser; if Sagine does not actually grow hair and restore the color to gray or faded hair, remove dandruff and make the hair healthy and glossy, that they will pay the sum of \$5.00 to any dissatisfied purchaser.

This is the strongest offer ever made by any manufacturer and one they could not possibly make, if they did not know positively from experience that it would do exactly what they claim for it. No one takes any chance in buying Sagine as it is certainly worth one dollar to use a Genuine Hair Restorer, that will really grow hair, and if it does not give satisfaction they will pay you the \$5 as agreed. Send a \$1.00 bill to the Siloron Mfg. Co. Pueblo, Colo., stating that you wish to purchase a bottle of Sagine with the written agreement to grow hair and restore the color to gray or faded hair or pay you the sum of \$5 and it will be sent to you by express in plain wrapper.

The Siloron Mfg. Co. is incorporated under the Laws of the State of Colorado and refer you to the mercantile agencies or any Pueblo Banks as to their ability to fulfill any agreement they make.

To Try It Means to Buy It

We request one and all of the ladies to meet with us at the Baptist Tabernacle on Thursday May 3, at 4 p. m. and we heartily solicit your co-operation in this great work of Women's Christian Temperance Union. Let's strive to make a better cleaner town religiously, also in temperance. Why do we make unnecessary war on tuberculosis which harms only the body, while the drink disease is left free to not only prey on man's body, but likewise on his home, his family, his property, his mind, his character, his all.

Riders of Church Influence.

There are very few public men who do not hold membership in some church, though many of them manifest no further proof of Christian character than that. Men who seek popular favor recognize the value of church membership in lifting them to respectability yet they are willing to take the world in one hand and neglect their duty to the church thereby. Instead of supporting the church rely on her to carry them through. If the church should ever decide to yield to the world's allurements so far as to remove the ban from dancing, gambling and such other diversions it ought to be provided that nominal church membership should be discontinued.

Reinforced by Floods.

Joseph Meyer, 161 years and two months old, who served through both the Mexican and Civil wars and who has lost six children and a chicken arm by floods, has started to a Chicago Institution of Charity with five cents in his pocket. He declared today he would cover the distance a foot.

After the Galveston tidal wave had killed his two sons and four daughters, Meyer gathered together what remained of his \$28,000 fortune and started a chicken farm at Hickman, Ky. The flood there last month destroyed his chickens and he had but a few odds and ends left.

Therefore he started for Chicago. Crippled trade service compelled him to travel by way of Cincinnati and he arrived here today with five cents and the determination to walk the rest of the way.

Monday Night Rain.

On Monday we quietly watched the thickening of rain prospects in the west and we dared to hope for a soaking rain. As night closed down there was developed a decided electrical disturbance and later the wind came in considerable force and some time during the night there was probably a third of an inch of rain fell here. Reports came Tuesday morning of a very nice rain in the western part of the county and some about Dunn. Heavy rains fell at Fluvanna, Polar and Post City, also at Colorado and Sweetwater.

Crowning of May Queen.

The Colonial Hill school afforded quite an attraction last Friday afternoon in the way of a May Day Fete.

A goodly sized audience of patrons and friends assembled to witness the coronation ceremonies. Her majesty, Little Miss Dimple Gross having been chosen to assume the responsibilities of the royalty.

This diminutive "Queen of the May" was triumphantly escorted to her throne, in state, by her courtiers, to the strains of sweet melody as the other little children sang Froebel's Kindergarten songs.

The maids-in-waiting, Morella Morrow, Willie Mae Wilks, Merle Johnston and Lois Sears were all clad in white and carried baskets of flowers to strew along the pathway of the Queen.

The dainty little queen wore the regulation court-train and was the picture of queenly beauty as she was attended by her maids of honor, Esther Martin and Eleanor Fullilove.

The golden crown was borne to the throne by Milford Gable who crowned her "Queen of May" while the magic wand was gracefully presented by Turner Baker.

After the coronation the queen and her attendants were entertained with a May pole dance in which Sybil Banks, Sallie Martin, Lois Johnston, Christine Morrow, Madge Darby, Marrietta Longbotham, Mattie Daniel and Ethel Ely participated. As the little dancers, excellently trained wound in and out with the broad streamers of contrast, hue, crossing and re-crossing, the sight was one calculated to call forth the keenest admiration and interest of every spectator.

There were in evidence all the accessories and diversions of a genuine fete day, including a one hundred and fifty yard dash, a potato race, a sack race and a chariot race, the latter being Beulah Davis, Esther Martin, Eleanor Fullilove, Ruby Forrester in red and green ribbons drawn by G. B. Clark contesting with Harvey Daniel, who held the reins governing the course of Uneda Jones, Dorothy Bradley, Opal Morris and Merle Hedges. This feature brought forth much applause. The entertainment reflects much credit upon the teachers who planned "wisely and well."

Sam Castevens returned Monday from Martin. He went there a week ago with his wife who was suffering a severe attack of rheumatism. He states that for the first few days of bathing she seemed to grow worse but before he left her Sunday she had begun to improve and now is able to get about on crutches. Mr. Castevens hopes she will stay there at least a month and he believes she will be cured.

Returned From San Antonio.

Mrs. T. J. Thompson returned Sunday from San Antonio where she has been for light weeks with her daughter in law, Mrs. Jess Thompson. She reports the lady doing well, now and they have hope of her early recovery. Mrs. Thompson there met Mr. and Mrs. Charlie Dodson. They were at a supper on the U. S. Cavalry's health, but when she left they had gone over to Uvalde to visit for a while their old friend Dr. Person.

I Recommend These Beans

Conscientiously, I can say that never yet in canned pork and beans, or in the home cooked, have I found any that in every respect so nearly approached perfection as do White Swan.

In the case of most beans, there are left behind, after each mouthful, several of the tough skins or husks—the careful hand picking, and the process of preparing and cooking White Swan beans, entirely does away with this—truly

White Swan

PORK AND BEANS

WITH TOMATO SAUCE

melt in your mouth. The rich, spicy tomato sauce—evenly distributed throughout; cooked with the beans—the firm but mealy, yet not dry, beans all of a uniformly large size—the delicate touch of pork flavor—it is, indeed, a combination that is truly and distinctively delicious—"that home-cooked taste."

And think of the trouble they save—they're all ready to serve, either cold or, just heat them and eat them. I know that they are clean in every particular of preparation and cooking—immaculately so. Again, I say—I heartily recommend these beans.
